**Disclosure:** All performance information reflects past performance and is presented on a total return basis. Past performance is no guarantee of future results. Current performance may differ from the performance shown. The Company concentrates in the gold and precious minerals sector. This sector may be more volatile than other industries and may be affected by movements in commodity prices triggered by international monetary and political developments. The Company is a non-diversified fund and, as such, may invest in fewer investments. ASA Gold and Precious Metals Limited may invest in smaller sized companies which may be more volatile and less liquid than larger more established companies. Investments in foreign securities, especially those in the emerging markets, may involve increased risk, as well as, exposure to currency fluctuations. Shares of closed-end funds frequently trade at a discount.
