Statistics

Beta ¹	0.95
R-squared ²	0.93

Source: Bloomberg. Beta measures the Company's market-related risk over a three-year period relative to its benchmark, the NYSE Arca Gold Miners Total Return Index. A beta lower than 1 indicates historically lower volatility than the index: greater than 1 indicates higher volatility. ASA's beta versus the FTSE Gold Mines Total Return Index (the 'Old Benchmark') is 0.93.

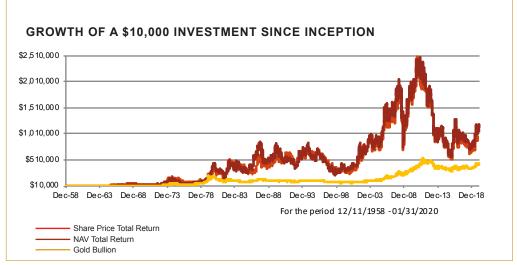

Established in 1958, ASA Gold and Precious Metals Limited is a closed-end precious metals and mining fund (NYSE: ASA) registered with the United States Securities and Exchange Commission and domiciled in Bermuda. The Company is one of the oldest investment management firms focused on the precious metals and mining industry. ASA employs bottom-up fundamental analysis and relies on detailed primary research including meetings with company executives, site visits to key operating assets, and proprietary financial analysis in making its investment decisions.

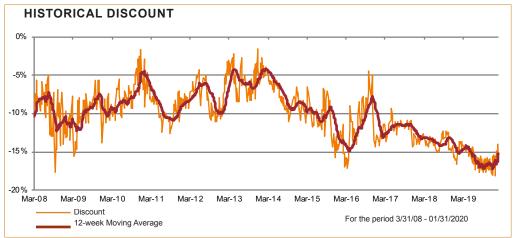

PERFORMANCE AS OF JANUARY 31, 2020

Average Annual Total Returns

	1 Year	3 Years	5 Years	10 Years	15 Years	Inception
NAV	37.5%	4.9%	5.1%	-3.4%	2.4%	8.1%
Share Price	35.2%	3.9%	3.7%	-4.2%	2.1%	7.9%

All performance information reflects past performance and is presented on a total return basis. Past performance is no guarantee of future results. Current performance may differ from that shown. The Company concentrates in the gold and precious minerals sector. This sector may be more volatile than other industries and may be affected by movements in commodity prices triggered by international monetary and political developments. The Company is a non-diversified fund and, as such, may invest in fewer investments. ASA Gold and Precious Metals Limited may invest in smaller-sized companies that may be more volatile and less liquid than larger, more-established companies. Investments in foreign securities, especially those in the emerging markets, may involve increased risk as well as exposure to currency fluctuations. Shares of closedend funds frequently trade at a discount. This document may contain statements regarding plans and expectations for the future that constitute forward-looking statements within the Private Securities Litigation Reform Act of 1995. By their nature, forward-looking statements involve risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from those contemplated by the forward-looking statements. This document does not constitute an offer to sell or solicitation of an offer to buy any securities.

Certain Tax Information: ASA is a "passive foreign investment company" for United States federal income tax purposes. As a result, United States shareholders holding shares in taxable accounts are encouraged to consult their tax advisors regarding the tax consequences of their investment in the Company's common shares.

² Source: Bloomberg. R-squared is a measure of the percentage of a company's share price movement that can be attributed to its benchmark index. It can range from 0 and 1; I indicates a perfect correlation. ASA's R-squared versus the Old Benchmark is 0.91.

In April of 2019, shareholders approved Merk Investments LLC ("Merk") as advisor to ASA. As a firm, Merk brings a long history of portfolio management of registered investment companies, and research that includes primary research on central banks and their impact on the price of gold. Portfolio Manager Peter Maletis joined Merk after 8 years at Franklin Templeton, where he was precious metals analyst. He spent much of his time at Franklin meeting with the management of gold companies from around the world as well as on due diligence site visits, where he developed an intimate understanding of the many companies in the precious metals sector. It is with that background that Peter is influencing changes to the ASA portfolio, also leveraging on the resources made available by Merk.
