

**ASA Gold and Precious Metals Limited
Nominating, Audit and Ethics Committee Charter**

A. Purposes

The Nominating, Audit and Ethics Committee (the “Committee”) has been created by the Board of Directors (the “Board”) of ASA Gold and Precious Metals Limited (the “Company”) to:

1. Assist the Board in its oversight and monitoring of:
 - a. Company’s accounting and financial reporting policies and practices;
 - b. Company’s internal control over financial reporting, and, as appropriate, the internal control over financial reporting of certain of the Company’s service providers;
 - c. Integrity, quality and objectivity of the Company’s financial statements and the independent audit thereof;
 - d. Company’s independent auditors, including their qualifications, independence and performance;
 - e. Company’s compliance with legal and regulatory requirements; and
 - f. Company’s compliance with the Codes of Ethics.
2. Prepare the report required by the rules of the Securities and Exchange Commission (the “SEC”) to be included in the Company’s annual proxy statement.

Although the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company’s financial statements are complete and accurate and are in accordance with generally accepted accounting principles. In carrying out its responsibilities, the members of the Committee shall be entitled to rely, in good faith, on:

- a. The integrity of those persons and organizations inside and outside the Company from which the Committee receives information.
- b. The accuracy of the financial and other information provided to the Committee by such persons or organizations.

The Committee’s function is oversight. Management is responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for planning and carrying out a proper audit. The independent auditors shall report directly to the Committee and are ultimately accountable to the Board and the Committee.

3. Consider and evaluate the structure, composition, and membership of the Board and its committee(s).

4. Evaluate and recommend for the Board's consideration the persons to be nominated by the Board for election as directors at the next annual general meeting of shareholders and to fill vacancies on the Board, as necessary.
5. Evaluate and recommend to the Board directors to serve as members of the committee(s) of the Board.

B. Membership

1. **Number.** The Committee shall be comprised of at least two members of the Board.
2. **Independence.** Each member of the Committee shall meet the independence requirements of the New York Stock Exchange (the "NYSE") and Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the applicable rules thereunder.

No member of the Committee shall be an "interested person" (as defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended (the "Investment Company Act"), and the rules thereunder) of the Company.

3. **Financial Literacy.** Each member of the Committee shall be financially literate, as such qualification is determined by the Board in its business judgment (or shall become financially literate within a reasonable period of time after his or her appointment).

At least one member of the Committee shall have accounting or related financial management expertise, as such qualification is determined by the Board in its business judgment.

The Board shall determine whether any members of the Committee are "audit committee financial experts" as defined by applicable SEC rules. The designation of a Committee member as an audit committee financial expert does not impose on such person any duties or responsibilities that are greater than the duties and responsibilities imposed on such person as a member of the Committee and the Board. The designation of an audit committee financial expert also does not affect the duties or responsibilities of any other member of the Committee or the Board. The Committee is not required to have an audit committee financial expert.

4. **Chair.** Unless the Board appoints a Chair of the Committee, the Committee shall appoint a Chair.
5. **Compensation.** The compensation of Committee members shall be set by the Board.

No member may accept, directly or indirectly, any consulting, advisory or other compensatory fee from the Company (other than fees for serving on the Board or any committee thereof, or for any special Board or Committee related projects approved by the Board). The receipt of a fixed amount of pension or other form of deferred compensation from the Company for prior service (provided such compensation is not contingent in any way on

continued service) is not considered a compensatory fee. The requirement that such amount be fixed does not preclude customary objectively determined adjustment provisions such as cost of living adjustments.

6. **Appointment and Removal.** Members of the Committee shall be appointed by the Board. Committee members may be removed by the Board.

C. **Authority, Responsibilities and Duties**

In addition to any other authority, responsibilities and duties which may be assigned from time to time by the Board, the Committee shall have the following authority, responsibilities and duties:

1. **Oversight of Independent Auditors**

- a. **Selection and Termination.** The Committee shall be directly responsible for selecting, appointing, compensating, overseeing, evaluating and, when appropriate, terminating the Company's independent auditors (subject to the applicable requirements of the Investment Company Act and the rules and orders thereunder, including those pertaining to approval by disinterested directors and ratification by shareholders);
- b. **Independence.** The Committee shall review and evaluate the independent auditors' independence. In connection with this review and evaluation, the Committee shall at least annually obtain and review a report by the independent auditors describing all relationships between the independent auditors and the Company, including the disclosures required by the applicable requirements of the Public Company Accounting Oversight Board (the "PCAOB") regarding the independent auditors' communications with the Audit Committee concerning independence (e.g., Auditing Standard No. 1301). The Committee shall review and evaluate the lead partner of the independent auditor team. The Committee shall discuss with the independent auditors any disclosed relationships or services that might impact the objectivity and independence of the auditors. The Committee shall consider whether:
 - i. the independent auditors should be rotated, and
 - ii. the lead audit or reviewing partner should be rotated more frequently than is required by law and applicable the SEC rules;

If the Committee has delegated its pre-approval authority to a subcommittee, any decision of the subcommittee shall be presented to the full Committee at its next scheduled meeting. Pre-approval of audit and non-audit services shall not be required if the engagement to render the services is entered into pursuant to pre-approved policies and procedures established by the Committee, provided the Committee is informed of each such service;
- e. **Compensation.** The Committee shall approve all audit and non-audit fees of the independent auditor;
- f. **Oversight.** The independent auditors shall report directly to the Committee and the Committee shall be directly responsible for oversight of the work of the independent auditors, including resolution of disagreements between the Company's management and the independent auditors regarding financial reporting. In connection with its oversight role, the Committee shall:
