ASA Gold and Precious Metals Limited (the “Company”) is a non-diversified, closed-end, internally managed fund that seeks long-term capital appreciation primarily through investing in companies engaged in the exploration for, development of projects in, or mining of precious metals and minerals.

It is a fundamental policy of the Company that at least 80% of its total assets must be (i) invested in common shares or securities convertible into common shares of companies engaged, directly or indirectly, in the exploration, mining or processing of gold, silver, platinum, diamonds or other precious minerals, (ii) held as bullion or other direct forms of gold, silver, platinum or other precious minerals, (iii) invested in instruments representing interests in gold, silver, platinum or other precious minerals such as certificates of deposit therefor, and/or (iv) invested in securities of investment companies, including exchange traded funds, or other securities that seek to replicate the price movement of gold, silver or platinum bullion.

The Company employs bottom-up fundamental analysis and relies on detailed primary research including meetings with company executives, site visits to key operating assets, and proprietary financial analysis in making its investment decisions.

Investors are encouraged to visit the Company's website for additional information, including historical and current share prices, press releases, financial statements, tax and supplemental information.
